

#DYK: DID YOU KNOW?

Discover fascinating tidbits about our departments!

Canadian Freight Department

Did you know...

...we work with nearly **1,200 vendors each year**? That includes warehouse operators, crating companies, ocean and air carriers, trucking firms, courier companies, and global logistics partners.

...trucking is our largest vendor category — with over **520 unique carriers** in our network?

...we spend over **\$35 million annually** on trucking alone? That's our biggest vendor spend by far.

...last year, we invested more than **\$25,000** in staff training and development? Supporting our people means better outcomes for our clients.

...we've coordinated up to **13 air charters** in a single year? From emergencies to oversized shipments, we handle the complex.

...not all charters involve jumbo jets? Sure, we've used Antonovs and Hercules aircraft, but we've also moved freight on Falcons, Learjets, 727s, DC9s, DC10s, and 737s — often aircraft once used for passengers.

...we work with global air, ocean, and ground partners daily? Logistics never sleeps, and neither do we (well, almost).

(We don't wear capes — but we do schedule charters, dodge delays, and juggle 1,200 vendors like it's just another Tuesday.)

Stay tuned for a different featured department next month!
